

CELEBRATION OF 'PARYATAN PARV' – 2018

India is a beautiful tourist destination and to cherish its beauty and commemorate its gratefulness, **Indian School Nizwa** organized a special assembly on 27 September 2018, to propagate the message of 'Dekho Apna Desh' with the objective to encourage our students to visit various tourist destinations in India.

We Indians believe in 'Atithi Devo Bhava' - that means we always welcome our guests and treat them like God. So Indian government is putting much stress on the promotion of India as a premier tourist destination .

We tried to encourage our students and imbibe in them the urge to discover the beauty of 'Incredible India' through special school assembly and Power Point Presentations on 'Dekho Apna Desh' done by our students.

Dressed in beautiful attire, children from classes I to IV depicted the various states of India highlighting the different cultures and its importance. The students of classes IX and X made Power Point Presentations depicting the beauty of Incredible India and its rich Cultural Heritage.

This was done to strengthen the current year's theme, Sustainable Tourism – A tool for Development.
