### My Pet Fish

I have a pet fish. His name is Finny. Finny lives in a small, round bowl filled with water. In his bowl, there are colorful little stones and a green plant.

Every morning, I give Finny fish food. He swims to the top of the bowl when he sees me. He opens and closes his little mouth as if he is saying hello.

Finny likes to swim around his bowl. Sometimes, he hides behind the green plant. I like to watch Finny swim. He is a very happy fish.

Taking care of Finny is easy. I change his water once a week. This keeps his home clean and fresh. Finny wiggles his tail when I put him back in his clean bowl. I love my pet fish, Finny!
